From Kenya to Tanzania with Love

10 days / 9 nights

1. Lake Nakuru National Park
2. Maasai Mara National Reserve
3. Serengeti National Park
4. Ngorongoro Conservation Area
5. Lake Manyara National Park

An incredible journey that will take you to these two iconic countries and to some of the most famous wildlife areas in the world, like Serengeti and Maasai Mara.

DAY
01

LAKE NAKURU NATIONAL PARK

There is plenty of accommodation that serves this park.

Our recommendations are:

- Ziwa Bush Lodge
- Lake Nakuru Lodge
- Sarova Lion Hill Nakuru
- The Cliff

An early morning pick up then drive to Lake Nakuru National Park, across the equator, southwards of Bogoria, lies the rift valleys most famous lake Nakuru. Known all over the world for its flamingoes, it's alkaline and is recognized as being one of the natural wonders of the world. Lake Nakuru is now a rhino sanctuary, harboring a population of over 40 black and over 60 white rhinos, but the flamingos, of course, have always been the main attraction. At times there may be almost 2 million flamingos in the residence, forming a stunningly beautiful deep pink band around the edge of the lake shore. Arrive in time for lunch then have an afternoon game drive.

Dinner and overnight at campsite or lodge.

DAY
02MASAAI MARA NATIONAL
RESERVE

There is plenty of accommodation that serves this park.

Our recommendations are:

- Julia's River Camp
- Ilkeliani Camp
- Entim Camp
- &Beyond Kichwa Tembo

An early morning drive to Maasai Mara National Reserve. It holds on as one of the few places left on earth where wildlife still lives comparatively undisturbed, in the numbers that once roamed the plains and forests of Africa. As the northern tip of the vast Serengeti ecosystem, the Mara hosts the spectacular seasonal migration of many thousands of Wildebeest, Zebras and attendant predators. Arrive in time for lunch followed by an afternoon game drive. Dinner and overnight at campsite or lodge.

DAY
03•04

MAASAI MARA NATIONAL RESERVE

Extra tour recommended: The wonderful balloon flight over the Mara plains.

There is plenty of accommodation that serves this park.

Our recommendations are:

- Julia's River Camp
- Ilkeliani Camp
- Entim Camp
- &Beyond Kichwa Tembo

Two full days in the Maasai Mara with flexible schedule and unlimited mileage. After breakfast, we have a full day game drive with packed lunch provided. The reserve is well known for its black-maned lion as well as its abundant resident wildlife and its one of the few places where it's possible to see the big five during a morning's game drive. Many of the cheetahs are so tame they seek shelter from the hot sun under one's vehicle and several even climb onto the roof to get better view of prospective prey.

For the bird enthusiast, almost 500 species have been recorded: among these 16 species of eagle, plus many hawks and falcons, 6 species of vultures, 8 species of storks, 4 of bustard (including the Kori bustard, the world's heaviest flying bird), and 9 species of sun birds.

Dinner and overnight at campsite or lodge.

DAY
05

FROM MAASAI MARA TO SERENGETI

There is accommodation for all budgets and styles in the Serengeti.

Our recommendations are:

- Pumzika Safari Camps
- Serengeti Sopa Lodge
- Chaka Camps
- Four Seasons Serengeti

We will initiate the day with an early morning game drive in Maasai Mara while driving out of the National reserve. After border formalities, drive to the Serengeti National Park in Tanzania. It will be a long day of driving but the game drives in and out of the parks can be surprisingly incredible. However, we always recommend to fly from one park to the other so that you can have more time to go on Safari. Alternatively, you can add an extra day to visit Lake Victoria, half way between the two parks. Dinner and overnight at campsite or lodge.

DAY
06•07

SERENGETI NATIONAL PARK

Extra tour recommended: The wonderful balloon flight over the Serengeti plains.

Our recommendations are:

- Pumzika Safari Camps
- Serengeti Sopa Lodge
- Chaka Camps
- Four Seasons Serengeti

Two full days in the Serengeti with flexible schedule and unlimited mileage.

As you crest the hillside, spread out before you, as far as the eyes can see, is the vast Serengeti. Serengeti mean "endless plains" in Kiswahili and this 6,900 sq. mile (18,000 sq. km) park is inhabited by more than 2 million large animals including more than a million wildebeest, hundreds of thousands of plains zebras, and Thomson's gazelles. Large predators including lions, cheetahs, and hyenas are drawn to the area by this abundance of prey which migrate throughout the park. Many smaller animals like rock hyrax, bat eared foxes, mongoose, honey badger, jackals, monkeys, baboons and African hares also inhabit the area along with nearly 500 species of birds.

On the way into the Serengeti, option to stop at the famous Olduvai Gorge, where Dr. Louis and Mary Leakey made their discovery of the first man that walked the earth. After attending a short lecture describing the archeological digs and geology of the gorge, you'll have time to visit the small museum.

Afternoon game drive en-route to campsite.

Dinner and overnight at public campsite or private tented camp / lodge.

DAY
08

SERENGETI NATIONAL PARK TO NGORONGORO

Possibility for an afternoon walking safari in Ngorongoro highlands.

Most accommodation options for Ngorongoro are outside Ngorongoro Conservation Area. However, there are some amazing options inside the park and those are the ones we usually recommend.

Our recommendations are:

- Rhino Lodge
- Sopa Ngorongoro
- Sanctuary Ngorongoro Camp
- Andbeyond Crater Lodge

Today you will wake up very early to do an early morning safari before breakfast, to spot the animals when they are more active and also to have a fantastic sun rise in front of you. The sunrise in the african Savannah is one of the most beautiful experiences one can have. After the game drive, return to the camp for brunch. In the afternoon, transfer to Ngorongoro, the 8th natural wonder of the world. With walls 2,000 ft high and a crater floor that spreads for 102 sq. miles, the crater is a virtual Noah's Ark, inhabited by almost every species of wildlife indigenous to East Africa including the rare black rhino.

In fact, the crater has the greatest concentration of wild life in the planet. It contains a river, several swamps, a soda lake that, from the top, looks like steam, full of flamingoes, a forest and open plains.

The large bull elephants that reside here have extremely large tusk, due to the rich mineral content of the volcanic soil and its grasses. They are the most incredible elephants you'll ever see in your life.

DAY
09

NGORONGORO CRATER

There is plenty of accommodation that serves this park. All of them (except for AndBeyond Manyara Tree Lodge) are outside the park, in Manyara and Mto Wa Mbu Region.

Our recommendations are:

- Manyara Wildlife Safari Camp
- Escarpment Luxury Lodge
- Gibb's Farm
- Manyara Tree Lodge

Very early in the morning, descend down to the crater floor for a day of wildlife viewing in one of the most incredible places on Earth. After a stop for a picnic lunch near the hippo lake, and more wildlife viewing in the afternoon, drive up the steep road out of the crater and transfer to Lake Manyara National Park across the Great Rift Valley. Although only 205 sq. miles in size this enchanting park is noted for its beauty and incredibly lush acacia forest of giant fig and mahogany trees, which are home to troops of baboons and blue monkeys. Dinner and overnight at tented camp/lodge.

DAY
10

LAKE MANYARA NATIONAL PARK

Feel free to replace this day with a visit to Tarangire National park instead (or add an extra day and visit both)

After breakfast, full day game drive in the park. Although only 205 sq. miles in size this enchanting park is noted for its beauty and incredibly lush acacia forest of giant fig and mahogany trees, which are home to troops of baboons and blue monkeys. The park is also home to a large numbers of buffalos, giraffes, elephants, impalas and a Hippo lake, where large numbers of hippos usually gather. Well known for its birds (over 400 different species), Lake Manyara is one of the few places where you'll be able to see the Ground Hornbill and the Crested Eagle. This park has become famous for the the climbing lions and the flamingos in the lake shore. The landscapes of these park are absolutely stunning, very different from the Serengeti for example. The game drives are done along the shore of the lake, providing incredible views of giraffes and buffalos in the foreground with the lake, flamingos and flat plains in the horizon. Great photo opportunities! In the afternoon, transfer to Arusha or airport.
