Early morning pick up in Nairobi and then drive to Lake Nakuru National Park, across the equator, where lies the rift valley's most famous lake. Known all over the world for its flamingoes, it's alkaline and is recognized as being one of the natural wonders of the world. Lake Nakuru is now a rhino sanctuary, harboring a population of over 40 black and over 60 white rhinos, but the flamingos, of course, have always been the main attraction. At times there may be almost 2 million flamingos in residence, forming a stunningly beautiful deep pink band around the edge of the lake shore. Arrival in time for lunch then afternoon game drive.

Dinner and overnight at campsite or lodge.

There is plenty of accommodation that serves this park.

Our recommendations are:

- Julia's River Camp
- Ilkeliani Camp

An early morning drive to Maasai Mara National Reserve. It holds on as one of the few places left on earth where wildlife still lives comparatively undisturbed, in the numbers that once roamed the plains and forests of Africa. As the northern tip of the vast Serengeti ecosystem, the Mara hosts the spectacular seasonal migration of many thousands of Wildebeest, Zebras and attendant predators. Arrival in time for lunch followed by an afternoon game drive. Dinner and overnight at campsite or lodge.

DAY

MAASAI MARA NATIONAL RESERVE

Extra tour recommended: The wonderful balloon flight over the Mara plains.

There is plenty of accommodation that serves this park.

Our recommendations are:

- Julia's River Camp
- Ilkeliani Camp
- Entim Camp
- &Beyond Kichwa Tembo

One full day in the Maasai Mara with flexible schedule and unlimited mileage. After breakfast, we have a full day game drive with packed lunch provided. The reserve is well known for its black-maned lions as well as its abundant resident wildlife and it's one of the few places where it's possible to see the Big Five during a morning's game drive. Many of the cheetahs are so tame they seek shelter from the hot sun under one's vehicle and several even climb onto the roof to get better view of prospective prey. For the bird enthusiast, almost 500 species have been recorded: among these, 16 species of eagle, plus many hawks and falcons, 6 species of vultures, 8 species of storks, 4 of bustard (including the Kori bustard, the world's heaviest flying bird), and 9 species of sun birds. Dinner and overnight at campsite or lodge.

*** Between July and October, one night in Serengeti will be substituted by one night in Mara in order to maximize the opportunities to witness the Great Migration in Mara**

DAY
04FROM MAASAI MARA TO
SERENGETI

There is accommodation for all budgets and styles in the Serengeti.

Our recommendations are:

- Pumzika Safari Camps
- Serengeti Sopa Lodge
- Chaka Camps
- Four Seasons Serengeti

We will initiate the day with an early morning game drive in Maasai Mara while driving out of the National reserve. After border formalities, drive to the Serengeti National Park in Tanzania, option to stop at the famous Olduvai Gorge, where Dr. Louis and Mary Leakey made their discovery of the first man that walked the earth. After attending a short lecture describing the archeological digs and geology of the gorge, you'll have time to visit the small museum. It will be a long day of driving but the game drives in and out of the parks can be surprisingly incredible. However, we always recommend to fly from one park to the other so that you can have more time to go on Safari. Alternatively, you can add an extra day to visit Lake Victoria, half way between the two parks.

Dinner and overnight at campsite or lodge.

In fact, the crater has the greatest concentration of wild life in the planet. It contains a river, several swamps, a soda lake that, from the top, looks like steam, full of flamingoes, a forest and open plains.

Drive up the steep road out of the crater and transfer to your accommodation for overnight.
