## THE JEWELS OF TANZANIA

3 days / 2 nights

1. Serengeti National Park
2. Ngorongoro Crater

If you only have 3 days but still want to visit the most famous parks of Tanzania (Serengeti and Ngorongoro) this is the perfect tour for you.

You will only spend one night in Serengeti, which we usually think it's too little, but if your timeframe is short and you really want to visit this amazing park, then it is the right choice for you.

DAY  
01

## SERENGETI NATIONAL PARK

**After a long but spectacular journey, you will arrive in the park in time for a fantastic afternoon game drive**

There is accommodation for all budgets and styles in the Serengeti.

After an early breakfast, you will depart from Arusha towards the most famous National park in the World, the Serengeti. The driving itself, although long, is spectacular. You will drive up the crater highlands, making a quick stop at the rim for an out of this world view of Ngorongoro Crater. This will be an unforgettable moment for anyone seeing it for the first time.

As you progress well into the Serengeti, you will see why the name means, in local language, "endless plains". The park has 6,900 sq. mile (18,000 sq. km) and for most of it, the plains will stretch to the horizon defying your senses and perception of distances. It is the home of the Great Migration and to 2 million wildebeests, hundreds of thousands of zebras and all kinds of antelopes including the abundant impalas and Thomson's gazelles. As for Big Cats and large predators, it's the place of choice to look out for lions, cheetahs, leopards, hyenas, with many television scenes like the famous river crossings having been filmed in this park. Smaller animals like foxes, mongoose, honey badgers, jackals, monkeys, baboons, rock hyrax and African hares, together with more than 500 species of birds, also inhabit this park.

DAY  
02

## SERENGETI NATIONAL PARK TO NGORONGORO

Most accommodation options for Ngorongoro are outside Ngorongoro Conservation Area. However, there are some amazing options inside the park and those are the ones we usually recommend.

On this day we suggest a very early wake up in order to do an early morning game drive (when the animals are more active) and see one of the best sunrises you'll ever witness. It's really one of the most beautiful experiences to have. After the game drive, we return to the camp for a rewarding brunch and then we'll proceed to Ngorongoro, the 8th wonder of the Natural World. The crater spreads for 102 sq. miles and has 2,000 ft high walls, making it virtually a Noah's ark and inhabiting almost every species of wildlife that is indigenous to East Africa. It's one of the very rare locations in the whole continent where you can witness the black Rhino. The concentration of African wildlife is the greatest in the continent. The crater has a river, several swamps, a soda lake with a great concentration of flamingos, a forest and open plains. It's also famous for its elephants which are the largest in the world and have huge tusks. This is due to the rich mineral content of the volcanic soil and its grasses. Ngorongoro Crater is truly a Wonder of the Natural World.

You will reach Ngorongoro in time for a sundowner.

DAY  
03

## NGORONGORO CRATER

**Today you will do a game drive in one of the Wonders of the Natural World.**

We will start the day very early and descend into the crater floor for an incredible morning of wildlife in one of the most stunning places on Earth. After the game drive, there will be time for a picnic lunch near the beautiful hippo Lake. After lunch, we will have time for a short game drive and then ascend the crater and exit Ngorongoro Conservation Area towards Arusha. We expect to be back in Arusha around 5pm although we are flexible in case there is a flight to catch or another situation.
