

SOUL OF TANZANIA

EXTRAORDINARY JOURNEYS

ESSENCE OF TANZANIA

3 days / 2 nights

ESSENCE OF TANZANIA

3 days / 2 nights

1. Tarangire National Park
2. Lake Manyara National Park
3. Ngorongoro Crater

This tour is the perfect itinerary for those who only have 3 days available and wish to visit the most famous national parks in Tanzania.

Except from the Serengeti, this tour will give you a great understanding of Tanzanian national parks in a short amount of time.

DAY
01TARANGIRE
NATIONAL PARK**Extra tour that could be done: Night game drive inside the park**

Like in Lake Manyara, plenty of accommodation options can serve this park. However, only a few are inside the park and those are the ones we recommend the most.

We will pick you up from your hotel at 8am and take you to a very special national park. Tarangire is famous for its diverse landscape with nine different vegetation zones. The park is particularly known for the abundance of Ancient Baobab trees (the largest trees in the continent) which fill the landscape and dwarf the animals next to them. The river of the park is full of wildlife ranging from a large variety of birds to lions, leopards, zebras, giraffes, buffaloes, antelopes and, of course, elephants. In fact, the park has the largest concentration of elephants in the whole country and provides unique chances to observe the interaction between elephant families. The lunch area is fascinating, boasting an observatory with amazing views to the river and wildlife (with good chances of seeing a hunt while having your picnic). In the afternoon we will still do a game drive before continuing to your accommodation.

IN FACT, THE PARK HAS THE LARGEST CONCENTRATION OF ELEPHANTS IN THE WHOLE COUNTRY AND PROVIDES UNIQUE CHANCES TO OBSERVE THE INTERACTION BETWEEN ELEPHANT FAMILIES.

DAY
02LAKE MANYARA
AND TRANSFER TO NGORONGORO**Extra tour recommended: Bike tour in Mto Wa Mbu or Boat Ride in Lake Manyara**

Most accommodation options for Ngorongoro are outside Ngorongoro Conservation Area. However, there are some amazing options inside the park and those are the ones we usually recommend.

Pickup from your accommodation in the early morning for a full day game drive in Lake Manyara. Although small in dimension (205 sq. miles), the park has breathtaking scenery and well famous for its lush acacia forest, giant figs and mahogany trees, as well as to a growing population of baboons and blue monkeys. Permanent residents of this park also include giraffes, elephants, impalas and a huge amount of buffaloes. The lake is also home to a large number of hippos. Some unique facts about this park include the tree climbing lions, flamingos in the lake shore, as well as the Ground Hornbill and the Crested Eagle. The landscapes of Lake Manyara are something that can not be described with words, and the game drives along the lake provide stunning photo opportunities of giraffes and buffaloes in the foreground and the lake (and its flamingos) in the background. During this day, some extra tours are possible, including a bike tour or a boat excursion. In the afternoon, transfer to Ngorongoro Conservation Area for overnight.

SOME UNIQUE FACTS ABOUT THIS PARK INCLUDE THE TREE CLIMBING LIONS, FLAMINGOS IN THE LAKE SHORE, AS WELL AS THE GROUND HORNBILL AND THE CRESTED EAGLE.

DAY
03

NGORONGORO CRATER

Possibility for an early morning walking safari in Ngorongoro highlands.

Ngorongoro Crater is considered one of the wonders of the Natural World. The crater spreads for 102 sq. miles and has 2,000 ft high walls, making it virtually a Noah's ark and inhabiting almost every species of wildlife that is indigenous to East Africa. It's one of the very rare locations in the whole continent where you can witness the black Rhino. The concentration of African wildlife is the greatest in the continent. The crater has a river, several swamps, a soda lake with a great concentration of flamingos, a forest and open plains. It's also famous for its elephants which are the largest in the world and have huge tusks. This is due to the rich mineral content of the volcanic soil and its grasses. Ngorongoro Crater is truly a Wonder of the Natural World.

We will start the day very early and descend into the crater floor for an incredible morning of wildlife in one of the most stunning places on Earth. After the game drive, there will be time for a picnic lunch near the beautiful hippo Lake. After lunch, we will have time for a short game drive and then ascend the crater and exit Ngorongoro Conservation Area towards Arusha. We expect to be back in Arusha around 5pm although we are flexible in case there is a flight to catch or another situation.

OPTIONAL
Day

CULTURAL EXPERIENCE

With a program that includes cultural visits to local villages, your safari experience will be richer and rewarding and the local community would also be benefiting from the country tourism. We take this component of our work very seriously.

For a more genuine and out of the beaten track experience, we recommend adding a day to visit Lake Eyasi, in order to visit the fascinating Hadzabe tribe in the next morning. This is one of the last true nomadic tribes in Africa and a truly fascinating experience where you will join the members of the village in their local morning activities. Alternatively, you can still finish the safari in Arusha and, on the next day, visit a traditional Maasai Village., where you will be guided by a Maasai Chief, who will explain you their habits, how they live, their cooking techniques, how they take care of livestock, their songs and dances. You will also have the opportunity to watch the village women perform a local traditional dance. Both experiences provides fantastic photo opportunities.

INCLUSIONS / EXCLUSIONS

INCLUDED IN THIS PACKAGE

- All park and conservation fees (including Ngorongoro Crater service)
- 4WD vehicle with safari Pop up Roof, unlimited mileage and guide/driver
- High end Binoculars
- Full board accommodation during the safari
