ABOVE AND BEYOND

4 days/ 3 nights

1. Serengeti National Park

For those interested in exploring the Serengeti conveniently (2 to 4 nights), and have a short timeframe, then flying is the best option.

This itinerary lets you use the most of your time and fly from Arusha to Serengeti and back, allowing you to have a unique and exclusive experience in the most famous national park in the world

DAY
01

SERENGETI NATIONAL PARK

Depending on the time of the year and your preferences, we may fly to different parts of the Serengeti (Central, West, North or South).

For these flying safari, the accommodation options are more exclusive as we can only use accommodation options that have game package options, which are usually only available in mid-range and luxury options.

Pickup from your hotel in the early morning and transfer to the Serengeti. Arrival by late morning and pickup by your hotel for lunch and full afternoon game drive. As you fly over the Serengeti, you will see why the name means, in local language, "endless plains". The park has 6,900 sq. mile (18,000 sq. km) and for most of it, the plains will stretch to the horizon defying your senses and perception of distances. It is the home of the Great Migration and to 2 million wildebeests, hundreds of thousands of zebras and all kinds of antelopes including the abundant impalas and Thomson's gazelles. As for Big Cats and large predators, it's the place of choice to look out for lions, cheetahs, leopards, hyenas, with many television scenes like the famous river crossings having been filmed in this park. Smaller animals like foxes, mongoose, honey badgers, jackals, monkeys, baboons, rock hyrax and African hares, together with more than 500 species of birds, also inhabit this park.

DAY

02 • 03

SERENGETI NATIONAL PARK

Extra tour recommended: The wonderful balloon flight over the Serengeti plains.

We recommend sleeping in the same camp/lodge as the night before.

Full days in the Serengeti National Park. We are completely flexible with your preferences and this day will be organized according to your wishes. On every day of the safari, your guide will discuss with you the best timings for you, including the game drives and the wake up time. For example, on this day, you could do a morning game drive, return to the camp for lunch and relaxation and finish with an afternoon game drive, or you could do a full day game drive with picnic lunch.

DAY
04

FLYING OUT OF THE SERENGETI

We can make this safari longer or shorter by increasing the number of nights in the park and even adding a flight to combine two different regions of the Serengeti.

On this day we suggest a very early wake up in order to do an early morning game drive (when the animals are more active) and see one of the best sunrises you'll ever witness. It's really one of the most beautiful experiences to have. After the game drive, we return to the camp for a rewarding brunch and then we'll proceed to the airstrip for your flight back to Arusha, or whatever your next amazing destination might be (i.e. Zanzibar). Alternatively, instead of this early morning game drive, you may choose to stay at the camp for a bit of relaxation.
