Lake Manyara National Park

Pick up from your hotel at 8 am and start a beautiful journey across the Great Rift Valley for a full-day game drive. Although small in dimension (205 sq. miles), the park has breathtaking scenery and is well known for its lush acacia forest, giant figs, and mahogany trees, as well as for a growing population of baboons and blue monkeys. Permanent residents of this park also include giraffes, elephants, impalas, and a huge amount of buffaloes. The lake is also home to a large number of hippos. The landscapes of Lake Manyara are something that can not be described with words, and the game drives along the lake provide stunning photo opportunities of giraffes and buffaloes in the foreground and the lake in the background. Some possible extra tours are possible, including a bike tour or a boat excursion. Afternoon return to the camp for dinner. Possibility to upgrade your accommodation level. NOTE: You can replace this park with Tarangire NP or add an extra day and visit both.

Serengeti National Park

After an early breakfast, depart towards the most famous National park in the World, the Serengeti. The driving itself, although long, is spectacular. This will be an unforgettable moment for anyone seeing it for the first time. As you progress well into the Serengeti, you will see why the name means, in the local language, "endless plains". The park has 6,900 sq. miles (18,000 sq. km) and for most of it, the plains will stretch to the horizon defying your senses and perception of distances. It is the home of the Great Migration and to 2 million wildebeests, hundreds of thousands of zebras, and all kinds of antelopes. As for Big Cats and large predators, it's the place of choice to look out for lions, cheetahs, leopards, hyenas, with many television scenes like the famous river crossings having been filmed in this park. Possibility to upgrade your accommodation level.

Serengeti to Ngorongoro

On this day we suggest a very early wake up in order to do an early morning game drive (when the animals are more active) and see one of the best sunrises you'll ever witness. After the game drive, we return to the camp for a rewarding brunch, and then we'll proceed to Ngorongoro, the 8th wonder of the Natural World. The crater spreads for 102 sq. miles and has 2,000 ft high walls, making it virtually Noah's ark and inhabiting almost every species of wildlife that is indigenous to East Africa. It's one of the very rare locations in the whole continent where you can witness the black rhino. The crater has a river, several swamps, a soda lake with a great concentration of flamingos, a forest, and open plains. It's also famous for its elephants which, are the largest in the world and have huge tusks. Ngorongoro Crater is truly a Wonder of the Natural World. You will reach Ngorongoro in time for a sundowner. Possibility to upgrade your accommodation level.

Ngorongoro Crater

We will start the day very early and descend into the crater floor for an incredible morning of wildlife in one of the most stunning places on Earth. After the game drive, there will be time for a picnic lunch near the beautiful hippo lake. After lunch, we will have time for a short game drive and then ascend the crater and exit Ngorongoro Conservation Area. Then transfer to the airport and you will have a flight to Zanzibar around 4 pm for three days of relaxation with amazing views.

Zanzibar

You can take some rest and enjoy this paradise made of beautiful beaches of white sand and turquoise water of the Indian Ocean. There is a possibility of extra activities such as a day tour in Stone Town (includes Old Town guided tour, Spice Tour and Prison Island - lunch not included), or a half-day tour (includes Old Town guided tour or Spice Tour or Prison Island). Another suggestion is the Jozani Forest tour (lunch not included).

Zanzibar

You can spend the last hours of your journey relaxing. After you will have a transfer to Zanzibar airport for your international flight.
